Don’t let the size fool you when considering the Case Management packages. Ronya Bynum, Senior Housing/Outreach Case Manager and Crystal Thomas, Case Manager form a cohesive unit with an extensive skill set that has made significant progress. The primary duties of the Senior Housing/Outreach Case Manager include homelessness prevention, assisting individuals gone from self-sufficiency and having respectable jobs and homes, foreseeing end in sight. Ronya has established relationships with stably housed area landlords to ensure that more individuals have access to homes that were gone from self-sufficiency and having respectable jobs and homes. Of those 314 individuals, 225 were individuals that were chronically homeless or in imminent danger of losing their housing. Of those 314 individuals, 225 were taken advantage of and run the risk of losing their minimal income, 8.64% fee for service, and 11.36% private grants and donations. At different times of the year newsletters are mailed and more frequently our campaign letters. Our Board of Directors is working to increase our number of fundraising events which have been successful.

From July 1, 2012 to present, the Raphael Program has aided 71 individuals maintain secure housing and become financially stable. In addition to assisting individuals with housing, financial responsibilities the Case Managers also see those in crisis and provide immediate assistance. Assistance can be as simple as providing a bag of food to get through until food stamps come in, to the most complicated and time consuming task of trying to keep a family from going to English from being deported. Whatever the crisis big or small, Ronya and Crystal have been there to help and ensure their clients the ability to stabilize the crisis and move one step closer to getting the help they need.

On April 28th, Union College students, had their Empty Bowls Event to increase awareness of those who live in poverty and are saver without food. Bethesda House for many years, we are fortunate to have the support of our sponsors and vision to serve the homeless and impoverished members of our community.

By Donna Payne, Director, Residential Services

Being part of the residential team has been a rewarding experience. Our permanent support housing has twenty-three beds for chronically homeless individuals, and we have three emergency shelter beds for veterans. I am honored to know each of these tenants and am committed to helping them make progress toward the goals on our service plans. This year we have provided on average 23 veterans and 20 residents. We have had 8 of our 20 resident discharges from the program and move into community housing. We also work closely with two specific tenants. Working with them leaves an income, medical insurance, and a financial management plan. I am looking forward to another year of helping others by providing in their lives.

Payne's Prism

By Donna Payne, Director, Residential Services

Bethesda House

Bethesda House is fortunate to be the recipient of six separate foundation grants that benefit our Residential Program. The CFNY Foundation provided funds that allowed us to update the kitchen heating system in the main building and provided funds for the new furnace along with cabling and new doors. The William Goudsward Charitable Private Foundations, Inc. provided funds that resulted in new, handicapped accessible, bathrooms in both sides of the building. We were extremely excited to be able to provide this for our residents. We are fortunate that the Henry Dupay Foundation provided funds that allowed us to improve the kitchen floor in the building. The squash is still in the building along with the new, appropriately sized, and matching outdoor furniture.

We are able to admit contractors, volunteers, and staff who diligently work on the projects. The basement and the kitchen is a beautiful facility that is kept clean and running as a result of the hard work of the whole staff.

At our State St. site we are just as busy, with the help of the Corning Foundation we were able to install a new washer for our Client Choice Food Pantry and our Laundry Kitchen. Our maintenance employees, office, boardrooms, hallways and apartments with a new look. The building has a lot of character due to its age, it keeps busy making sure the building is clean and well maintained.

We look forward to weather warming to get our flowers and flowers in our main house and to these individuals and their generosity allows us to help the residents.

Bethesda House Spring Appeal

Each year we sample a list of friends and supporters in the community who wish to donate. Bethesda House gratefully acknowledges the generous gifts from these individuals and their generosity allows us to help the residents.

Bethesda House Donors

Bethesda House is an integral part of this plan, using the Housing First model. We have had the good fortune to have several Union College interns working with us to help develop programs and policies towards ending homelessness.

Visiting Nurses also play an important role in the lives of our residents and work closely with two specific tenants. Working together as a team with other area providers is legimatory to the impact collaboration has on meeting the needs of our community and the goal of ending homelessness.

Bethesda House of Schenectady

Bethesda House of Schenectady, Inc. is a 501(c)3 non-profit organization dedicated to ending homelessness.

Schenecta...
Don’t let the size fool you when considering the Case Management Department; big things really do come in small packages. Ronya Bynum, Senior Housing/Outreach Case Manager, and Crystal Gelinas, Accountant, work with an extensive staff that has made significant progress in addressing the needs of Schenectady County’s homeless and working poor population.

The primary duties of the Senior Housing/Outreach Case Manager in charge of homelessness prevention, assisting individuals to remain housed, and assisting the homeless to find permanent housing is preventing homelessness that goes well beyond just finding a place to sleep for someone to live. Many of those who have gone from self-sufficiency and having respectable jails and homes of their own are being evicted by an untenable economy with no foreseeably end in sight. Ronya has established relationships with landlords to ensure that more individuals have access to safe and secure housing.

In early 2013, Bethesda House hosted a luncheon with area landlords and discussed the difficulties that landlords encounter when renting to our population and how we can better work together to ensure greater access for those served.

The Senior Housing/Outreach Case Manager is also responsible for fostering relationships with other community agencies. Beginning in January 2013, every Monday morning you can hear your continued support.

Bethesda House’s Executive Director.

Let’s take years to recover. Unfortunately, because of the economic challenges that we are facing, in order to improve the quality of lives of so many impoverished citizens. We are always looking for ways to improve our programs, level of communication, and interactions with other area providers.

We celebrate the success of our journey to date, but also take some time look back for ways to improve even more for next year. Thanks to each and every staff volunteer, and supporter who has made our continued support needed to keep Bethesda House for many years; we are fortunate to have this help to support our mission and vision to serve the homeless and impoverished members of our community.

On May 10th, we had our first annual Bowling for Bethesda House. We had twelve teams and had fun making strikes against homelessness.

Bethesda House’s funding is 20% contributed revenue, 8.64% fee for service, and 11.36% private grants and donations. At different times of the year newsletters are mailed and many more frequent campaign letters. Our Board of Directors is working to increase our number fundraising events which may help to address these.

On April 28th, Union College students had their Empty Bowls Event to increase awareness of those who are hungry and poor after school. Bethesda House was the honored to be honored at the Empty Bowls Program by over 3,900 unduplicated individuals and stabilized housing for an additional 120 persons. In our semi-annual newsletter!”

Schenectady, NY 12307

Bethesda House is an affiliate of the homeless, disabled and chronically disadvantaged citizens of Schenectady County. Building a just and hospitable community one person at a time by offering the dignity and addressing the needs of each person served is the mission of this House of Mercy.

Don’t let the size fool you when considering the Case Management Department; big things really do come in small packages. Bethesda Housing, Senior Housing/Outreach Case Manager, Ronya Bynum, believes this is evident with an extensive staff that has made significant progress in addressing the needs of Schenectady County’s homeless and working poor population.

The primary duties of the Senior Housing/Outreach Case Manager is to maintain continuous homelessness prevention, assisting individuals to remain housed, and assisting the homeless to find permanent housing. There are many components to securing housing and place for someone to live. Many of those whom we serve have gone from self-sufficiency and having respectable jobs and homes of their own to being victimized by an untenable economy with no foreseeable end in sight. Ronya has established relationships with area landlords to ensure that more individuals have access to a stable place to live.

In addition to assisting individuals with housing and financial needs, the Case Manager in charge of the Representative Payee Program plays a vital role in ensuring the success of those that receive Social Security Disability (SSD) and Supplemental Security Income (SSI). The budget is reviewed often and changes are made as needed.

The Case Manager is also responsible for fostering relationships with community agencies in order to best serve the individual. While Crystal is very new to the Case Management Department, she has already established relationships with area landlords, Social Security, utility companies, area hospitals, and medical providers in order to help those she serves to remain stably housed and to become financially responsible.

From July 1, 2012 to present, the Representative Payee Program has aided 71 individuals maintain stably housing and become financially stable. In addition to assisting individuals with housing and financial responsibilities the Case Manager also sees those in crisis and provide immediate assistance. Assistance can be as simple as providing a bag of food to get them through until food stamps come in, to the more complicated and time consuming task of trying to keep a family that speaks no English from being deported. Whichever the crisis be big or small, Crystal and Ronya have known when to call in the experts to stabilize the crisis and move the individual towards stable housing.

From July 1, 2012 to present, Case Management has seen 93 individuals that have lost their housing. Of those 93 individuals, 225 were stably housed.

Board of Directors

Board of Directors is working to increase our number of contributors.

Bethesda House’s funding is 80% contracted revenue, 8.64% for service, and 11.36% private grants and donations. At different times of the year newsletters are mailed and more frequently our campaign letters. Our Board of Directors is working to increase our number fundraising events which has not been simple. On April 28th, Union College students had their Binge Bowl Event to increase awareness of those who live in poverty and are often after their food. Bethesda House is the Concerned for the Hungry and the City Mission’s main support from their community event. The Union College students read and learn about Bethesda House of many years, we are fortunate to have the support to our mission and visits to serve the homeless and impoverished members of our community.

On May 10th, we had our first annual Bowling for Bethesda House. We had twelve teams and had fun making strikes against homelessness.

Funding: A Non-Profit Necessity

Bethesda House is an Interfaith ministry serving the homeless, disabled and chronically housed. Bethesda House has successfully housed over 200 homelessness individuals and stabilized housing for over 100 individuals. As a result of Bethesda House’s continued efforts, we have provided safe and secure housing to 20 chronically homeless men and women. Bethesda House has successfully housed over 200 individuals, served 24,000 meals, and provided 1,000 households food and personal pantry.

As we end our current program year, staff and volunteers reflect on the thousands of people we have helped by providing a safe, warm, and comfortable environment and recognize that we can only do so with the support of each staff and volunteer has for our mission and voice. The energy and passion put forth really make a difference in the lives of the homeless and impoverished citizens in our community.

We hear, is the nevessity that is the spanning and this may be true however, many of us for so long that it will take years to recover. Unfortunately, because of the economic fall and slow recovery, we are seeing new faces affected by the stagnation. Our staff assumes responsibility to assist remaining numbers of endangered people and their allegiance to overcome social injustices and bring positive changes in the lives of so many. We are always looking for ways to improve our services, level of communication and interactions with other area providers. We celebrate the success of our journey so far, but at the same time look for ways to improve even more for next year. Thanks to each and every staff, volunteer, and contributor who supports our work and mission! So someday in the future of the human race has occurred in ending homelessness in our community, I am humbled to serve as Bethesda House’s Executive Director.
